Please reject the NAB's petition 04-160. XM Satellite Radio provides variety and quality radio that is much better than the garbage that is spewed from most radio station disc jockeys in our city. Since I pay for the right to listen to XM radio, the NAB has no right to dictate what is broadcast on XM radio. If the NAB is so concerned about losing listeners, they should better their own stations to make them something into what people want to hear.
